| 2021        | Class 12th CBSE Board From Adharshila Vidyapeeth                      | (Percentage 92) |
| 2019        | Class 10th CBSE Board From Adharshila Vidyapeeth                      | (Percentage 88) |

## PROJECTS

---

### Musify

[Link](#)

I built this Online Music Player with HTML, CSS and Javascript. It has 7 most famous songs that are played around the world. Listening to them gives great relief.

### Feeding Poor

[Link](#)

This website helps people to donate food to needy people or to let them volunteer in this work. In many functions and weddings, lots of food gets wasted and to minimise this, I decided to build this website along with my mates in a Hackathon.

### We Care

[GitHub Repo](#)

This website was built to target depressed people and to cure them. We provide a judgment-free space where you can share your thoughts and emotions without any fear.

## ACHIEVEMENTS

---

- A 3\* coder at Codechef and solved 300+ problems on Data Structures And Algorithms
- Represented My School Volleyball Team in Inter-house Competition and bagged 2nd Position
- Secured 2nd position in Elite Division on chess.com

## POSITIONS OF RESPONSIBILITY

---

- Chosen as a part of Senior Council at NSCC BPIT wef Aug 31, 2023
